# WHAT IS HYLAURON PEN?

**The Hylauron pen is a device that is used for no needle fillers. It is a device that pressure launches Hylauronic acid into the skin enabling to plump out and rejuvenate the skin without the use of needles.**

**It can help reduce lines, wrinkles, enhance and plump out the lips.**

**Here at Salon N°10 I use a reputable brand of Hylauronic acid and a CE CERTIFIDE DEVICE for safety, effective measures and great results.**

## WHAT ARE THE BENEFITS OF HAVING A HYLURON PEN TREATMENT?

- This is a dermal filler treatment without the use of needles
- As shown in the diagram above you can see that with the Hylauron pen the pressure from the device easily disperses the hyaluronic acid more evenly into the skin avoiding lumpy textures or (pea like lumps) under the skin.
  - Helps to improve unwanted wrinkles
  - Add plumpness to naturally thin lips
  - Great for those with needle phobias
  - Less risk compared to injectable fillers
- Can be used to enhance a number of areas: lips, Marionette lines(cheeks), frown lines and tear troughs
- The Hylauron pen can also be used for placing vitamins and fat dissolvable solutions into the skin.
- Adds volume and plumpness that we lose with ageing to provide a more youthful appearance.

## CONSULTATION

- Prior to receiving the Hylauron pen treatment you will be sent an online consultation form and health questionnaire to fill out.
- Then a complimentary no obligation consultation will be booked out to discuss your requirements.
- During the consultation I will create a bespoke treatment plan ready for the initial procedure and if you are happy to go ahead then the treatment booking can be made.
- With any hylauronpen treatment a £30 booking fee is required to secure your booking.

## TREATMENT

- The initial treatment can take upto 1hour 15minutes
- Two weeks post treatment you will be required to come into the salon for your hylauron pen top up procedure. This keeps track on the progress and retention on the product within the skin for longevity.

## HOW LONG DO THE RESULTS LAST?

- The Hylauron pen treatment results can last anywhere upto 6-12 months.
